

Jeffrey S. Turk, DBIA, LEED AP

Vice President,
Development Services

VanTrust Real Estate, LLC
Kansas City, MO

About Jeff

Jeff Turk is responsible for ensuring successful delivery of projects in all regions, product types and markets served by VanTrust Real Estate.

Jeff has more than twenty years of commercial development and construction experience in a wide variety of product types including office, industrial, retail, gaming, hospitality, housing, military and institutional. He has successfully completed projects utilizing every delivery method, in numerous national markets. Prior to joining VanTrust, Jeff was the Vice President of Operations for a large commercial general contractor where he was responsible for regional bottom line results.

Jeff has served the Mid America Region of the Design-Build Institute of America (DBIA-MAR) as President, Vice President, Treasurer and as a principal member of the Education and Research Committee. He has written articles and spoken to numerous groups on the principles and benefits of the design-build delivery method and has been an instructor for DBIA's designation program. In 2004, Jeff was recognized by the DBIA as a Designated Design-Build Professional™. He has worked on over 15 Design-Build projects in his career including the award winning design-build projects Zona Rosa and the U.S. Central Credit Union Headquarters.

The U.S. Green Building Council has recognized Jeff as a LEED Accredited Professional. He has worked on over 10 Green Building projects throughout his career, including multiple LEED Gold and award winning projects.
