

## Town Center Two foundation work OK'd

The city approved a permit last week for Brasfield & Gorrie to build the foundation for Town Center Two at 5335 Gate Parkway at a project cost of \$18 million.

VanTrust Real Estate is developing the six-story, 217,877-square-foot building for lease to Jacksonville-based Web.com Group Inc., which will relocate its headquarters from Flagler Center to Town Center Two.

VanTrust Real Estate will develop the building on 14.1 acres and it will offer 1,200 parking spaces.
